FORTY-FIRST YEAR NO. 45.

CEDARVILLE, OHIO, FRIDAY, NOVEMBER 8, 1918

PRICE, \$1.50 A YEAR

LOCAL ELECTION VERY QUIET

The election Tuesday was the result of one of the quietest campaigns in the history of the state. Never before did Ohio experience a no-speeching campaign and not since 1897 have we had but two party tickets for nomination.

The features of the local election was the result on the prohibition and governorship. Republicans regretted the defeat of Gov. Willis but the verdict of the people must remain.

In the township 242 votes were all that was polled while the corporation had but 214. In the township Willis received 182 and in the corporation 146; Cox received 51 and 61 respectively.

Last year the drys had a majority of 87 in the township and 78 in the corporation. This year the vote for the township was 144 to 56 and 116 to 49 in the corporation. Township majority 88, corporation, 67.

The other referendum votes were favorable to the classification of property for taxation and yes for the legislative ratification of U. S. constitutional amendments. The majority of the former was 34 for the two precincts and the latter 25.

For Supreme Court Judge Wannamaker, and J. E. Robinson received the majorities over their Democratic opponents.

LIGHT LEVY CARRIES.

The special levy of five mills for street lighting carried Tuesday by a vote of 123 to 64. This levy will enable council to contract for electric lights for five years only under the new law. It is the privilege of every citizen to vote as he sees fit on all questions but as street lighting is an essential we cannot see where the 64 opponents even considered civic pride. Probably they love darkness more than light.

FARM AND FIELD NOTES.

Peter Theobald who resides on the Strecher farm will have a public sale on November 23, 1918.

At the Robt sale in South Charleston last week sheep sold for \$25 a head while feeding cattle sold for ten cents. The sale amounted to \$18,520.

The E. H. Smith sale of Poland China hogs near Jamestown saw one spring gilt bring \$250. The 64 head brought \$5,500.

W. L. Clemens reports the sale of a 70 acre farm near South Charleston belonging to E. H. Foster, to H. E. Powers of Paintersville. The price was \$200 an acre. Mr. Clemens sold the 11 acres belonging to Sarah E. Weimer on the Barber road to Sander Heitzman for \$200 an acre.

C. G. Paul paid this office a visit Saturday paying us a compliment for what the Herald did in boosting the Turner-Paul sale which proved a great success. This sale amounted to more than \$12,000 and holds the record for this section. Mr. Turner has had several successful sales and is a strong believer not only in newspaper advertising but the use of bills as well for a good sale must be well advertised. The use of bills is necessary if you want to attract the hundreds of buyers East of us that cannot be reached by Greene county papers.

Mr. D. S. Dixon reports a very successful sale last Friday. He had the buyers and good prices paid for his stock which was in good condition. The sale was well advertised and brought Mr. Dixon \$3,872.73. Mr. Dixon has not yet decided where he will locate. The farm on which he has been living has been sold to Chas. Johnson.

Farmers will be interested in the International Live Stock Exposition which will be held in Chicago Nov. 30 to Dec. 7. We notice that O. B. Bratfute is still a member of the board of directors.

A big real estate deal in Madison county was the sale of the 957 acre farm belonging to Reed Chrisman was sold to Schryver & Cowen of Mt. Sterling for more than \$100,000. C. B. Pugsley & Bro., South Charleston are advertising a farm sale of all live stock and farm implements in this issue. Pugsley Bros. have sold their farm and are making this sale which will be held on Wednesday, Nov. 13th on their farm one mile west of South Charleston.

Farmers will be interested in the U. S. Court decision that forbids the International Harvester Co. from having more than one agent in a town after December 31, 1919, for the sale of harvesting machinery. The of the well known lines must be sold to other companies to restore competition. The decision means quite a different method of doing business in the future.

E. E. Finney's sale of Poland China hogs takes place Saturday, Nov. 9th. The hard bear cost the most of any last year's sales in Ohio and Mr. Finney has the dam of the highest priced gilt in the state. With this kind of blood Mr. Finney should not have any trouble interesting hog breeders on the day of the sale.

NEW MARSHAL CHOSEN.

Council at the regular Monday evening meeting considered two applicants for marshal to fill the vacancy caused by the resignation of H. A. McLean. James Bailey and D. H. Lightle were the applicants and the former was chosen by council and appointed by Mayor McFarland.

The monthly bills were ordered paid and amounted to \$590.22.

Council also selected Lloyd Confar, M. G. Nagley and Louis Smith as drivers of the new fire truck. Their pay was fixed at \$2.50 for actual service and the first there on alarm is to serve. The present fire ordinance is to be repealed at the next meeting to make way for another that will govern the new company.

COX THIRD TERM GOVERNOR

Gov. Cox has been re-elected governor of the state of Ohio for the third term following his fourth campaign. It appears that Frank B. Willis was the only Republican nominee to be defeated.

Hamilton county gave large Republican majorities for all of the Republican ticket except for Willis. The Cincinnati Republicans from the time of the primary were against Willis, giving his opponent in the primary 40,000. With such a situation Willis could hardly hope for election, only by the rural vote. This he received but not enough to overcome the city vote.

The Ohio legislature will be Republican and is also dry so that the federal prohibition amendment will be ratified.

MAY AMPUTATE AGAIN.

Word has been received here that Frank Jeffries, "Fog Leg", would probably have to submit to another operation and have what was left of his left hand removed. With this he would have neither hand and only one leg. The fellows condition being turned while in an intoxicated condition is said to have influenced a number of voters to vote dry.

GOOD GARDEN YEAR.

It was possible this year to have two crops from many gardens. It is very seldom that one can go into the garden the last week in October and gather green beans, sweet corn, red asparagus or ripe tomatoes. Even the ever-bearing strawberries were true to their name and put forth the dainty fruit up until the freeze.

THREE POUNDS NOW.

Under orders from Hoover householders can now have three pounds of sugar to the member each month instead of two as has been the rule.

TRAIN OF HORSES.

A train of thirty-five cars of horses went through here last Sabbath afternoon to the East. The shipment was for the government and comprised 700 head.

INJURED IN FRANCE.

John Pemberton has received a telegram from Washington stating that his son, Jake, had been injured in service in France. There was no information as to the extent of his injuries. Jake was formerly a member of the Ohio National Guard and saw service in Mexico.

RABBIT SEASON COMING.

Rabbit season will soon be here so you had better get out the gun and make ready for Bunny. The season opens the 15th of this month but better not plan for a day of this sport unless you have your hunter's license.

NO HUNTING NOTICE.

Hunting with dog or gun is positively forbidden on the following farms: D. M. Kennon, Henry Miller, Wm. Cheney, Roy St. John, Lester Huston, C. G. Turnbull, Elmer Hill, H. C. Wilson, Joseph Hackett, W. A. Collins.

LEGAL NOTICE.

Court of Common Pleas, Greene Co. O. May Donaldson, vs. Harvey Donaldson.

Harvey Donaldson whose place of residence is unknown is hereby notified that May Donaldson has filed her petition against him for divorce in case Number 14,834 of the Common Pleas Court of Greene County, Ohio and that said cause will be for hearing on and after December 14th 1918.

HOUSE SAFE FOR REPUBLICANS

Ohio will send fourteen Republicans as members of the next Congress, a gain over the present representation.

The action of President Wilson in demanding a Democratic congress on patriotic grounds was resented by the voters over the country.

The next House will have a Republican majority of eleven, while the Senate is in doubt. One branch under Republican control will mean the falling of thousands of Democratic appointees that are holding supposed war jobs but nothing more than the part of a great political machine.

Scores of boards under the guise of war necessities were but political birch for Democratic office holders. There has been no support of any branch of the government and millions of dollars have been wasted. Scandal of all kinds will be uncovered in the coming months with the House Republican.

The Democratic dynasty in Washington has collapsed under a tide of public sentiment expressed at the polls on Tuesday. The North has been bled for millions in revenue and through the system of price fixing while the South has been allowed a free hand under the control of Congress by the Southern Democracy.

The election Tuesday does not mean that people disapprove altogether of President Wilson's policy abroad. Most of his acts have shown diplomacy and statesmanship but his policy at home in letting politicians of his party use the war to support a political machine has not been approved. The President will still have the support of all Republicans on matters of foreign importance where the honor of the nation is at stake.

CHRISTMAS PACKAGES FOR SOLDIERS ABROAD.

The committee appointed to care for the mailing of the Christmas packages for this township under the direction of the chairman, Mrs. I. C. Davis, is as follows: W. A. Turnbull, Mrs. Dora Kerr, Mrs. J. W. Patton, Misses Eula Crowwell and Lucile Gray. The cartons have arrived and can be had by presenting label to Mrs. I. C. Davis.

You cannot mail liquor, poison, explosives, inflammable material, matches, chemicals, or articles that will kill, harm, hurt or injure the mail.

Nothing should go that will not keep fresh until Christmas. Dried fruits should be in small tin or wooden boxes. No soft chocolate can be mailed. No liquids in glass permitted. For wrapping the gifts use a kluhi colored handkerchief, seven inches square. If the parcel label sent you has been lost no duplicate can be issued. No one has authority to issue another. Any other information desired can be secured of the chairman.

CENSORED NEWS ITEMS.

Cotton vs. Whiskey—A car load of whiskey was ruined on Friday near Springfield on the Big Four when a car of cotton telegraphed the car of whiskey. The loss was several thousand dollars.

Our First Snow—November was ushered in Friday in true winter style, snow falling in small flakes about 8 o'clock. The mercury fell to 36 the night before, but the snow did not last long. Friday night we had a good freeze that is expected to help clear up the atmosphere and check the influenza germs.

Between Fifteen and Forty—Those who are watching the health records in the influenza cases say that the greatest number of victims are persons between the ages of fifteen and forty.

Nothing New Under the Sun—The Spanish influenza has been reported as something new but it has fallen to a Board of Health up in Massachusetts to discover the fact that there was an epidemic as long ago as 415 years B. C.

Typhoid Fever in Lead—According to reports of the State Board of Health, typhoid fever, lead all communicable diseases for September, there being 770 cases in the state, an increase of 300 over the previous month. For October the "flu" will no doubt lead.

Here's Our Hand—Mr. Karl Bull, editor and publisher of the Cedarville Herald, made us a pleasant call during the week. The Herald has removed to new quarters and has a new Linotype of the Menzingerbaler make. With this machine there is nothing to keep the Herald from being the leading weekly paper in Greene County and it is Mr. Bull's intention to have it so.

WILL SELL OUT STOCK.

As I expect to leave here owing to my health I will offer everything at greatly reduced prices. My household goods will be sold at auction at a date to be announced later.

OHIO CLEANINGS

Commissioners of Crawford, Hancock, Seneca and Wood counties have agreed to meet at Fostoria next March 13 and decide the matter of the creation of a joint county tuberculosis hospital.

Arrange for your next year's help now. If you don't there may be none left for you. That was the warning issued to Ohio farmers by Thomas D. Phillips, farm help specialist at the United States employment service.

Gradual but certain decline of influenza, with expected diminution of cases and deaths, is occurring in Ohio, said James E. Bauman, acting health commissioner. Mr. Bauman reported coming here from Ohio municipalities of new cases and deaths showed decrease.

Barns and sheds of H. A. Rohrer and Boyd Dunbar, both farmers near Napoleon, alleged bond slackers, were given a general yellow painting by Phillips county citizens.

Erection of an emergency hospital at Camp Sherman to cost \$8,000 was authorized at a meeting of the camp community committee. The new building will be located in the community group.

All road and street construction and improvement, except where materials are on hand, will stop for the season, by order of the federal highway council, State Highway Commissioner Cowen announced.

Thirty pairs of plague-placards were distributed in Hancock county. Chillicothe board of health ordered the "flu" quarantine lifted from Chillicothe. Since the closing ban went on in Chillicothe Oct. 2 there have been 1,286 cases reported, with 31 deaths.

Russell Coon, aged 14, son of F. W. Coon, hardware dealer of Sabina, was found dead from a 22-caliber bullet wound in his temple. No clew. George Diehl, 48, Cambridge, committed suicide by cutting his throat with a razor. Loss of health made him despondent.

At Cambridge, William Folke was electrocuted when he attempted to turn on the light in his home.

James E. Bauman, acting state health commissioner, announced he will stand for no trifling in regard to influenza regulations while the epidemic is as prevalent as now. There is no lifting of closing orders anywhere without his permission. Local health officers who ignore orders will be summarily dealt with.

Bucyrus Aerle of Eagles started a movement to secure a club of 200 to agree to subscribe \$10,000 to the fifth liberty loan.

Local Gas and Electric company was granted an increase in gas rate from 33 to 35 cents.

Infant daughter of Mr. and Mrs. Murray Henry of Ottawa was severely burned by the overturning of a kettle of boiling water.

Oscar McVey, son of Albert McVey of Lancaster, was killed in action in France.

Schools, churches and places of amusement at Jayton were closed as a precautionary measure against influenza epidemic.

Influenza quarantine at Camp Sherman has been lifted and persons held admitted to camp under the old schedule—Wednesdays from 5 to 8 p. m., Saturdays from noon to 4:35 p. m. and Sundays all day to 6 p. m. There are only two months remaining in which Ohio investors may buy war savings bonds at this year's issue. Over 400,000 Ohioans own war stamps.

A colored man walked into the ticket office of the Green Line station at Wellington and when Agent Chapin's back was turned pulled out a revolver and compelled him to open the safe and money drawer. The man grabbed more than \$100 and left. He was captured later.

Miss Faith R. Lanman, who has been in charge of the home economics department of Columbus public school for several years, has accepted appointment as supervisor for the city home demonstration agents of Ohio. The appointment becomes effective Nov. 15.

Marion streets are sprinkled with disinfectant as part of the campaign against influenza.

Fast quantities of food, in the form of fish, that should be sold through northern Ohio markets, are being wasted, according to a report of an investigation by Captain John E. Washier, in charge of the Cleveland offices of the United States secret service. The waste, Captain Washier said, results from the use of nets which he asserts should be prohibited by law, and by the dealers' refusal to buy more than a specified quantity of fish.

Declaring they would not ask others to do what they would not do themselves, 50 Youngstown clergymen of Catholic, Protestant and Jewish congregations, at a meeting, unanimously volunteered to serve as orderlies in influenza hospitals of that city, if needed.

Influenza epidemic in Ohio appears to be at a standstill, getting neither better nor worse. Fifty physicians have been sent to stricken Ohio communities by the public health service. One hundred more German war prisoners now confined at Fort Oglethorpe, Ga., will be interned at Camp Sherman.

Ray O. Oswald, for many years auditor of the Marlon and Bucyrus railway and superintendent of the Prospect Lighting company at Prospect has resigned to accept the assistant auditorship of the United Traction company at Albany, N. Y.

OUR QUOTA

IS \$4000

Chairman J. W. Johnson, of the local War Work Committee, Mr. S. C. Wright and wife, Mrs. J. E. Kyle, Mrs. J. W. Johnson and Frank Gray, well attended a banquet and meeting of the county organization in Xenia last night at which time final arrangements were made for the canvass which starts next week.

The local committee will appoint canvassers and the township will be divided as in the past. Every family will be canvassed to help raise our township quota of \$4,000. The local committee will start the campaign Wednesday at which time you will be called upon to contribute for the support of our boys in the camps and abroad.

Have your subscription ready and do not keep the solicitor waiting. You can pay all at one time or in payments of which the last will be due in March.

This is the most worthy call for support that comes before the people, being on par with the Red Cross. It has not yet been determined whether the list of contributors will be published or not as was done the last campaign.

PEACE CELEBRATION FAKE

This town along with others celebrated with blowing whistles, bells and all sort of noise devices the report of the war ending by the signing of the armistice which proved to be a fake. The report also went so far as to say that arms would be dropped at four o'clock, Thursday. It is significant of the truthfulness of the press reports of the United Press. The Associated Press refused to carry the reports until could be verified. Readers of war news have more than once been given fake reports through the United Press.

WALLACE ANDERSON'S BODY ARRIVED THURSDAY

The body of Wallace Anderson, of the U. S. Naval Academy, Pensacola, Florida, who was killed in an explosion last Wednesday, arrived in Xenia Thursday. The funeral will be held this afternoon from the Second U. P. church, burial at Woodland.

The voters took the "light" out of
Lighthiser on Tuesday.

U. S. — Uncle Sam. Unconditional

Tuesday but not by presidential
order.

The woman of say, sixty, in those
short skirts, never sees herself as
others see her.

Had you noticed the trains never
stop at crossings to see whether autos
are coming.

Now that Wilson "adjourned" poli-
tics and proved his ability to "re-
convene" politics, we can expect most
anything from Washington.

Joy riding in England has been a
thing of the past for some time and
yet we have people in this country
who still talk about the gasoline ban.

Government seizure of alien prop-
erty has strengthened the sentiment
that a nation good enough to make
money in is a nation good enough to
take out citizenship papers in.

Especial severity with men who
carry concealed weapons is more than
justified at a time when every able-
bodied citizen is invited to shoulder a
gun in the service of his country.

The announcement of an additional
pound of sugar for each member of
the family is welcome news to house-
holders. Coming just at the time it
did we could not help but wonder if
the administration wasn't feeling for
the voter's sweet tooth.

The deeds of the aircraft board in
wasting more than six hundred mil-
lion have been placed at the door of a

same powers that named the board
will have to prosecute the case so we
don't look for a very stiff sentence
if found guilty—if ever tried.

Ed. Lighthiser evidently did not
take the mandate of the people in the
August primaries that he had been
"adjourned" so far as the office of
sheriff was concerned. The Marshall-
Gowdy crowd once more pushed their
primary candidate before the voters
only to be defeated as in two previous
primary campaigns.

DRYS WIN

THE STATE

The result of the vote in the county
gave Cox 2188 and Willis 8988. Con-
gressman Fess 4028 while his opponent,
Thorne received 1836. Fess will have a
majority of over 14,000 in the district.

The only fight in the county was that
of sheriff and it proved a tame. Ed
Lighthiser running independent only re-
ceived 491 votes while Deputy Funder-
berg received 8873.

Clerk of Court George Sheets re-
ceived the highest vote in the county on
the Republican ticket, 4098.

The county vote on prohibition, yes,
3896; no, 2167.

Referendum, yes, 693; no, 2128.

Two local candidates on the county
prohibition ticket were G. H. Creswell
for commissioner and Clayton McMillan
for treasurer.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1918, Western Newspaper Union.)

LESSON FOR NOVEMBER 10

JACOB DECEIVES HIS FATHER.

LESSON TEXT—Genesis 27:1-29.
GOLDEN TEXT—Speak every man truth with his neighbor—Ephesians 4:25.
DEVOTIONAL READING—Ephesians 4:25-32.
ADDITIONAL MATERIAL—Genesis 27:1-4; Proverbs 12:17-20; Zechariah 13:17; Acts 5:1-11.

I. Isaac's Purpose Regarding the Birthright (27:1-4).

The infirmity of old age reminded Isaac that he should set his house in order. The particular matter needing attention was the determination as to who should be the head of the house when he was gone. As to whether Isaac knew what God had told Rebekah concerning Jacob's priority we are not told (Gen. 25:25), but it is evident that he lacked spiritual discernment, being under the sway of his appetite. Even though he was ignorant of God's plan as revealed to Rebekah, Isaac's action in marrying her to Jacob, she knew it was God's will that Jacob should have the birthright, but had no scruples as to what method should be used in its accomplishment.

II. Rebekah's Scheme to Frustrate Isaac's Plan (vv. 5-17).

Having heard Isaac's instructions to Esau, she took steps to divert the father's blessing from Esau to Jacob. She knew it was God's will that Jacob should have the birthright, but had no scruples as to what method should be used in its accomplishment.

III. Jacob's Instructions to Jacob (vv. 18-20).

She sent Jacob to bring two kids from the goats, promising that she would make savory meat, such as Isaac loved. She knew that Isaac's weak spot was his stomach.

IV. Jacob's Hesitancy (vv. 11-17).

He foresaw the difficulty and danger which confronted him. His hesitancy was not because he had conscientious scruples against doing the deed, but was afraid of being found out. Some have a desire to do evil, but refrain from it because they are afraid of being caught. Rebekah undertakes to remove the curse that may come on Jacob's scruples are set aside. She clothes him with Esau's raiment, and places into his hands the food.

V. Jacob Deceives Esau (vv. 18-20).

1. Interview between Isaac and Jacob (vv. 18-25). The quickness with which the savory meat was brought, aroused suspicion in the mind of Isaac. In order to allay that suspicion Jacob deliberately lied. He not only lied, but blasphemed the name of God in declaring that his success was due to the help of Jehovah. This lie is again repeated when Isaac questions him further. One lie calls for another. Having started on the road of deception he was obliged to lie in order to cover up his deceit.

2. The paternal blessing (vv. 26-29). It embodied the following particulars: (1) A fertile soil and abundant products (v. 28). Man is dependent upon God for the fruitage of the soil. Few stop to consider their obligation to him for temporal blessings. (2) National pre-eminence (v. 29). God was to give him a numerous and powerful offspring. This has in a large measure been fulfilled, but in a still larger measure it remains to be fulfilled. (3) Pre-eminence among his kindred (v. 29). "The elder shall serve the younger." (4) The object of God's special care (v. 29). Being God's choice, God obligates himself to care for him. Those who would misuse Jacob would suffer; those who would favor Jacob would be favored. Those who are chosen of God enjoy his special care, and we are to him who would dare to molest them. This included temporal and spiritual blessings. Happy is he who enjoys the friendship of God.

VI. Esau's Remorse (vv. 30-33).

Scarcely had Isaac ceased blessing Jacob till Esau came for the blessing. The secret was now out. Lying and deceit cannot long be hid. In the face of what had been done, Isaac shakes with fear. No doubt this is due to the manifest presence of Jehovah. Esau gives forth a terrible wail. While shedding bitter tears of disappointment, he rages with passion and plans to murder Jacob after Isaac's death. This is a most bitter experience for Esau, but he is merely reaping what he sowed. For a brief indulgence of his flesh he sold his birthright. May Esau's folly warn us of choosing fleshly indulgence rather than spiritual blessings. Whenever one turns from the love of God to the gratification of worldly lusts, he is guilty of Esau's profanity.

Source of Power.

Only those who are lifted up from the earth draw men unto them. The world is possessed by those who are not possessed by it. The momentum of love is the source of power.—Francis G. Peabody.

Sabbath Observance.

If Sunday had not been observed as a day of rest during the last three centuries, I have not the slightest doubt that we should have been at this moment a poorer people and less civilized.—H. A. C. Peabody.

Dr. Miller Anti-Pain Pills for all pains.

Into the Valley of the Shadow

UNDER the candles of the village church the American wounded lie in close even rows. Straight down to the door they are packed together. Outside an ambulance arrives, and deftly, quietly, the Soldiers of Cheer slip out to help the Army's litter-bearers lift out the wounded and carry them into the yard or the church or the school—wherever there is room.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the war began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their

3600 Recreation Buildings
1000 Miles of Movie Film
100 Leading Stage Stars
2000 Athletic Directors
2500 Libraries supplying 5,000,000 books
85 Hostess Houses
15,000 Big-brother "secretaries"
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

The ambulance whirs off again along the shell-torn road, and still these messengers of friendliness pass in and out among the soldiers—holding cups of steaming chocolate to their lips, giving them lighted cigarettes, shifting their positions.

From one corner a boy's voice calls out:

"I got it pretty bad. Will you send home a message for me?"

A friendly face bends over him. He whispers his mother's name and her address. He asks that she be told where he was struck and how.

"Is there anything else?" asks the man above him. He hesitates a moment. Then, so softly that the older man can barely hear, he murmurs a girl's name, and dies.

To be there when a wounded soldier needs them, is a privilege which comes to your representatives in the seven war work organizations. After every push, when the field hospitals are full to overflowing, there are calls for every available worker in the area.

They come from miles around, after their day's work is over at their own huts and canteens. And then through all the night they help the wounded fight their battles.

The grief of many a mother or a wife or sister here at home has been made easier by the letters which these men have written there beside the stretchers.

Keep the Soldiers of Cheer on the job—the 7,000 who are there already and the 1,000 a month for whom Pershing calls.

FOR SALE—Oak meat barrel, will hold five big bags. In best condition with heavy iron hoops.

W. H. BARBER

Owing to new cases of influenza the Board of Health will continue the quarantine another week.

Miss Eleanor Holliday, formerly a professor in the college, left Saturday for San Francisco where she sails for India. Her father has been engaged in mission work abroad several years.

The local draft board will send 14 men from this county on Nov. 15, most of them youths who registered in August.

James Bailey and family have been down with the influenza and Mrs. Orville Bridgman, of Xenia, came here to nurse them. She was taken with the disease and is sick at the home of her father-in-law, Marion Bridgman.

Mrs. Myrtle Beacham and daughter, Miss Hazel, of Philadelphia, arrived Monday for an extended visit among friends and relatives in this county.

Mr. M. W. Collins and family and Miss Esther Townesley spent Sabbath with friends in Trenton, O.

Miss Ruth Harris, who is teaching at Brookville, O., visited this week with Miss Anna Collins.

T. N. Tarbox is a late "flu" victim.

The influenza has been an unwelcome visitor at the home of J. W. Ross.

Corporal Martin Weimer of Camp Sherman was home Sabbath on a short furlough.

Robert Nelson, who has a position with the Housatonic Creamery Co., South Charleston, moved his family there this week.

M. Wm. Linton, hardware merchant in Bowersville, was in town Monday on business. W. O. Maddox leaves this evening for Spokane, Wash., where he will visit his son.

Mr. Harry Randall and children of Dayton spent the week end with his father, Mr. Joseph Randall.

H. A. Bates has purchased the John Fields homestead on Main street, the consideration being \$1,300.

Frank Barber, who is connected with the Beverage Paper Co., Indianapolis, Ind., came in Friday for a few days visit with his mother, Mrs. Jeanette Eskridge.

The collateral inheritance tax on the Elmer Ferguson estate was fixed at \$87.60. The tax must be paid on legacies going to Wm. Ferguson, Mrs. Robert Jacoby, A. L. Ferguson, the heirs of Alex. Ferguson and Mrs. Sarah Turnbull.

Private Norman Foster, of Camp Sherman, spent Saturday visiting among old friends. Norman was out on a ten day furlough spending most of the time with his parents, Rev. H. C. Foster, D. D., of Forrest, O. He has about recovered his strength following a serious attack of pneumonia while in camp.

Wanted: Housekeeper. Apply to J. J. Stokesbury, Cedarville, O.

Mrs. Andrew Hinton has quit the restaurant business and moved to Dayton where she has purchased property.

Mrs. Oscar Nagley underwent an operation at the Esby hospital this week in Xenia.

Mr. Howard Turnbull, wife and daughter, Wanda, are down with the influenza.

Mr. J. C. Barber went to Xenia Sabbath where he met his son, J. Fred Barber, who is an attorney in New York City and recently passed the examination for entrance into the officers training camp of the artillery. The New York delegation was headed for Camp Taylor, and during the five minute stop in Xenia Mr. Barber had a short visit with his son. Another son, Warren Barber has been at Camp Taylor some time.

You are again reminded of the approaching campaign for War Work funds that is to provide entertainment and home comforts for the boys overseas. The Y. M. C. A. and other organizations are to benefit. Letters from the boys always bring good reports of the Y. M. C. A. This work cannot be carried on without funds. The appeal this week goes out at the expense of The Cedarville Telephone Co., through Mr. C. E. Bradford, its president. Mr. J. W. Johnson has this part of the work in charge for this township.

Mr. Wallace Barber and wife of Dayton are guests at the home of Mr. R. B. Barber and wife.

Every rural home in Ohio, except in communities that have war chests, will be visited by men on horseback and in autos in connection with the campaign Nov. 11 to 18. This state will be asked to give \$15,000,000 to the united war work fund. Letters from the boys always bring good reports of the Y. M. C. A. This work cannot be carried on without funds. The appeal this week goes out at the expense of The Cedarville Telephone Co., through Mr. C. E. Bradford, its president. Mr. J. W. Johnson has this part of the work in charge for this township.

Governor Cox, chairman of the Ohio branch, council of national defense, has asked Ohio people to do their Christmas shopping immediately.

Ohio fuel administration has sent another urgent appeal to householders to make arrangements for the winter's supply of coal at once.

Organizations are being completed in every county of the state for the food conservation drive, to begin about the middle of November. "Even in peace time we would be obliged to feed more people than now," officials say.

Harry Wright, president of the Ohio Steel Foundries company of Bucyrus, Lima and Springfield, was killed in an automobile accident near Bucyrus when his machine collided with a truck while he was en route to Lima. Wright's Bucyrus manager, F. W. Hudson, and his chauffeur, were injured.

Brigadier General Matthew C. Smith has taken command of Camp Sherman.

Major Samuel M. Johnson of Athens has been recommended by the French for the Legion of Honor.

Charles Beecher, 23, Marysville, died of pneumonia on a transport at sea while en route to France.

Private Charles Schilling of Columbus was sentenced to 25 years at hard labor in Port Leavenworth prison for refusing to obey a lawful command of an officer at Camp Sherman.

Cleveland board of education adopted resolutions urging upon Ohio's gubernatorial candidates the necessity of raising the salaries of school teachers, firemen, policemen and other municipal employees.

Because he said he was going to enlist and fight for the Kaiser and for making other remarks regarded as disloyal, Frank Xerxes, 30, Marion, was sentenced to 30 days' hard labor.

Every Ohio county exceeding its 1918 quota of war savings stamps will receive from the Ohio war savings committee an engraved bronze tablet. Twenty-four Ohio counties have merited the tablet to date and

To the Esteemed Patrons of The Home Store

The United States Government, speaking through the Council of National Defense, has laid down certain recommendations governing Christmas shopping.

1. That Christmas shopping shall be done insofar as possible in the month of November.
2. That all packages for shipment out of the city shall be sent by December first.
3. That practical useful things shall be given for presents.
4. That sales forces, delivery systems and other services shall not be increased during the month of December.

The Home Store, to carry out its obligation in the matter, has decided not merely to urge its patrons to shop early, but to make it a genuine incentive to do so. To do this most effectively, the whole store has arranged for the month of November a powerful program of special events under the heading of

CHRISTMAS SPECIALS

Each offering will be something suitable for Christmas Gifts—something useful and practical—and at a special price—decidedly to your advantage to obtain. Only standard goods—Home Store standard of quality—will be offered. People will welcome these Christmas Specials enthusiastically. We feel they will be the means of starting off Christmas shopping in a big way. Rendering a patriotic economy to the public and helping the government at the same time.

NEWS OF SELMA.

Mrs. Howard Wildman, and children Roger, Lloyd and Edwin called upon Mr. and Mrs. Arthur Wildman last Thursday.

Mr. and Mrs. Andrew Kinnison and daughter Erna, spent the week-end with relatives in Xenia.

Miss Lois Schickedantz was the guest of Miss Ruth Levering Friday.

Howard Strain entertained a number of guests last Sunday.

Stanley Sherry has sold his house-hold goods and will move to Southern Georgia.

Harry Leach and friends of Xenia called upon Errett Kinnison last Sunday.

Mrs. Robert Finney and son George, were guests of friends in Cedarville last Sunday.

Mr. Noah Wright and wife entertained a number of Dayton friends over the week-end.

The Red Cross Society met at the high school building Tuesday for the first time in many weeks.

Mr. and Mrs. David Norris have received word from their son, Corp. Carl L. Norris stating that he has arrived safely overseas.

A surprise party was given at the home of Howard Smith Monday evening in honor of the Yagis girls, who will move to Columbus soon. Many of the eighth grade and high school pupils were present and enjoyed the evening.

Mr. A. E. Wildman is ill at his home.

Clarence Bageant is recovering of a severe attack of influenza.

Lester Trussdale has completed a new garage on the lot above the post office which he purchased just recently from R. G. Calvert.

On the way home from Richmond last Sunday night Arthur Wildman and family were the victims of an auto accident which occurred on this side of Dayton. Mrs. Wildman being severely injured. The machine left the road and Mrs. Wildman received an ugly cut on the forehead when driven against the top. Fifteen stitches were taken to close the cut. Mrs. Wildman has been in a critical condition the past few days. None of the other occupants were injured.

From early Monday morning until late in the afternoon a great deal of excitement was caused in this vicinity by the appearance of an apparently insane colored man who called at the home of Andrew Kinnison and inquired the way to the home of Chas. Patterson. The man was seen wandering in the fields and could give no account of himself other than his name was James Barry and that he was hunting his wife. Claude Edmiston, Sheriff of Xenia, and deputies Woodward and Didwell took the man back to Springfield as his relatives had been searching for him. The man looked rather old and was weak and ragged.

HIGH SCHOOL NOTES.

Word has been received from Philip Wildman, who is attending school at Western Academy in Pa., informing us that he is in company with several of his school friends have been picking apples for a large fruit company in the East as there is no school on account of the influenza.

School opened Monday with a large attendance, very few of the pupils being absent. The number of cases of "flu" was very small in this section and the Selma school is among the few that started Monday.

The basket ball teams have been organized and are now playing. The girls' teams play every Thursday and are showing good work.

The high school will publish a small school paper each month this year according to one of the staff. The first edition will appear in December and is well under way.

The pupils are being examined each day by Dr. Marshall for signs of influenza.

Alice Powell, sophomore, will move to Springfield soon.

7% NON-TAXABLE IN OHIO The Walkill Stock Farms Co. Full Participating Preferred Stock

*Passed by the Capital Issues Committee as not incompatible with the national interest, but without approval of locality, validity, worth, or security. Opinion 158-A 434.

Subject to prior sale we present the final offering of the 7%, non-taxable in Ohio, full PARTICIPATING PREFERRED Stock of The Walkill Stock Farms Company.

The first consideration in any investment should be safety, and land utilized for the production of cattle, hogs and sheep was not only safe for your grandfather and yourself, but will be safe for your grandchildren.

The Walkill Stock Farm contains fourteen thousand acres, in a solid body, of good land, all under hog-tight wire fence, there being eighty-three miles of outside and field fencing; over fifteen hundred acres are under cultivation, and the balance in pasture.

The farm is crossed by one of the best railway systems in the United States with two shipping stations on the farm, and these stations are only thirty miles distant from a big Armour Packing Plant.

Chicago prices, with practically no shrinkage caused by long shipping, are secured for the livestock products of this farm.

The land on Walkill Farm produces corn, velvet beans, hay and other forage crops for the cattle, hogs and sheep.

Why This Is Safe

The Preferred Stock issued on this big farm is only \$400,000, a little less than \$300,000 an acre, and this covers farm and improvements; and no bonds or mortgages can be placed ahead of the preferred stock without the consent of the preferred stockholders. All incorporation proceedings have been under the direction of the well known legal firm of Burkhardt, Heald & Pickrell, Dayton, Ohio; and all title approvals by Richard Sassanoff, Abstractor, Jacksonville, Fla.; George F. Osler, Cincinnati, Ohio, and O. O. McCollum, Attorney, Jacksonville, Fla.

It is not enough that assets behind a preferred stock issue be safe at the time of issue without regard to the future. The assets behind preferred stock should constantly increase in value and add to the safety of the preferred issue.

Any one familiar with increases in farm land in the United States knows that not only is the Preferred Stock of Walkill Farms safe today, but that it will be safe and have a larger value behind it one year from today, five years from today and ten years from today.

The plain fact of the matter is that the greatest source of wealth in most parts of Ohio—a comparison that would hold good with any manufacturing district—has been the increase in value of farm lands; large and safe profits have been realized from the increase in land values.

Walkill 7% Participating Preferred Stock is safe. It is backed by good farm lands, advantageously located, and has increased in value since it was acquired by the corporation, and will go on increasing in value just as other farm land.

Preferred Stock That Is Participating

There are few men who read who are not cognizant of the fact that the eyes of the nation are upon the South as a coming livestock producing section of the United States.

The Breeders' Gazette in many issues in the last year, the United States Government in numerous bulletins and The Country Gentleman, published by the same reliable company that publishes The Saturday Evening Post and Ladies' Home Journal, of October 25th and November 2nd have called attention in detail to the revolutionary change that has come in cattle and hog production in the South.

The Walkill Preferred Stock stipulates that 7% first be paid to the Preferred Stockholders and then 7% to the Common Stockholders and after that any other dividends paid must be divided equally between the Preferred and Common Stockholders.

To earn the Preferred Stock Dividend requires an earning of only \$2.00 an acre; and on both the Preferred and Common requires only an earning of \$3.00 an acre, and anyone versed in farm operation today knows that this is a very light requirement and that the farm that cannot earn from twelve to fifteen dollars an acre is a very poor farm or very badly managed.

There is only one way to get the largest profit that will be realized from this revolutionary livestock development, and that is through a Participating Preferred Stock that

will give the holder a constant dividend and a further share in the profit.

Space will not permit further presentation of a situation that has come from a ten to twelve-month pasture season, or the ability to grow crops the year around; or the increase in farrowings because of no ice or snow, or the plentiful supply of good labor at a reasonable cost. We will be pleased to present these facts to any one interested.

Only a cattle man or a hog man would realize what it would mean and what it does mean on Walkill Farm to have five artesian wells that throw the water 22 feet in the air and make it possible to supply cattle feeding lots, farrowing houses and finishing pens with abundant, pure water without pumps or any other than natural pressure.

Walkill Farms has a number of running streams and in addition has the advantage of water from these wells.

In brief, Walkill Farm answers the requirements of the model stock farm of today. It is big enough to make it possible to afford good management: A \$1,500-a-year hog man looking after a 3,000-a-year hog production is far cheaper than a cheap man looking after 100 hogs a year. It is fertile, productive land, well drained, yet well supplied with water. It has ideal shipping and railroad conditions. It has the two elements necessary for an exceptional investment—SAFETY and PROFIT.

Your Opportunity In the Final Offering of this High Class Security.

Three-fourths of this Preferred Stock has been absorbed by Ohio men—Ohio farmers and business men.

The remainder of the issue of Preferred Stock will be quickly absorbed in response to this final announcement offering.

This is a patriotic investment and has been passed by the Capital Issues Committee of the United States Government at Washington as "not incompatible with the National interest."

Beef, Pork and Butters are very closely associated.

To the man who wants to get rich over night this will not be of interest, but the thinking man who wants a Safe Investment, a steady income and a further share in profits of

Full particulars will be sent upon request.
